From the Dy Commr Tuticorin Lr No LAR 20/40-41 & 2 5-42

Forwards the records relating to the acquisition & requests sanction of Govt in the circumstances explained for waiving the Conversion fine as a special case

The Dy Commr has stated that the Asstdar, Tuticorin has reported that the entire extent proposed to be acquired is very necessary & that 144 sites will be formed as shown in the plan — some to be sold at an upset price of 2as a sq yd & others in public auction He has also stated as follows —

1) Anticipated realisations from the Sale of sites — Rs 8680/-

2) cost of forming roads & providing water & lighting facilities — 4000/-

3) Conversion fine at Rs500/- per acre — 9325/-

Thus there would be a margin of about Rs 4680 against a Conversion fine of Rs 9325

He now requests the sanction for waiving the Conversion fine be obtained & that the preliminary notifications be published in the Gazette

Turtukkudi is a town Municipality. It has proposed to acquire 11 acres 28 cents of land for laying out an extension and to form plots & sell them for an upset price and in further connection the layout is approved by the Director of Sanitary Engineering. He has stated that the place is also quite suited for the formation of a Town Extension.

3) In regard to the levy of conversion fee, that was waived as revenue-cum-'A' recommended in January 1941 that it may be entirely waived. The present Revenue Minister Mr. B. V. the conversion fine may be reduced to Rs 50/- per acre

In this connection it may be stated that one of the requests made to HH the Rajpramukh on the occasion of HH's visit to the Town on 10.7.1942 HH was pleased to observe that when the projects will be placed before the Govt, they will receive due consideration

The records show that there is congestion in the Town & the formation of the extension is necessary The Municipal funds at present to meet the cost charges and the expenditure required to provide facilities such as drainage, formation of roads water supply, lighting etc. The Municipality is not likely to make any profit out of the scheme

Having regard to the above facts, it is for orders of the Govt whether the Municipality to pay conversion fine at the rate of Rs 50/- per acre may be sanctioned This means a modification of the orders passed at paras 16 to 19 supra

Acquisition of 21 acres and 28 guntas of land out of S No 188 and eleven other survey number of Turuvekere Kasaba village for Turuvekere town extension

---

In forwarding herewith the preliminary notifications in duplicate in English and Kannada on the above subject I have the horour to state th t Turuvekere town is much congested Necessity for the extension is keenly felt Many persons are urging for grant of sites for constructing houses Applications received from 28 persons for sites are enclosed in the records In order to obviate these difficulties and improve the health of this town by removing congestion, extension of the town is very necessary This subject was under correspondence from a long time Now the Turuvekere Municipality have prepared a sketch showing the properties to be acquired and the layout proposed in accordance with the plan of the Government architect and request that a total extent of 21 acres and 28 guntas has, as per Details furnished in the preliminary notifications, may be acquired for this purpose The cost of acquisition which roughly estimated at Rs 37.7/-and odd is proposed to be met out of the Municipal funds But the Municipality plead their inability to pay the ~~huge~~ large amount of conversion fine as the funds now available at their credit will have to be utilised towards the cost of acquisition of the above lands and to meet the expenses of other important works of obligatory nature such as formation of roads, drainage, creation of lights and water facilities etc , The Municipal Council have requested in their resolution dated 30-4-1941, that for the reasons set forth above, the Government be moved to waive the conversion fine altogather

In these circumstances and in view of the fact that it is a minor municipality with slender resources deriving little or no profit from the proposed acquisition, I request you to be so good as to obtain
